INTRODUCTION

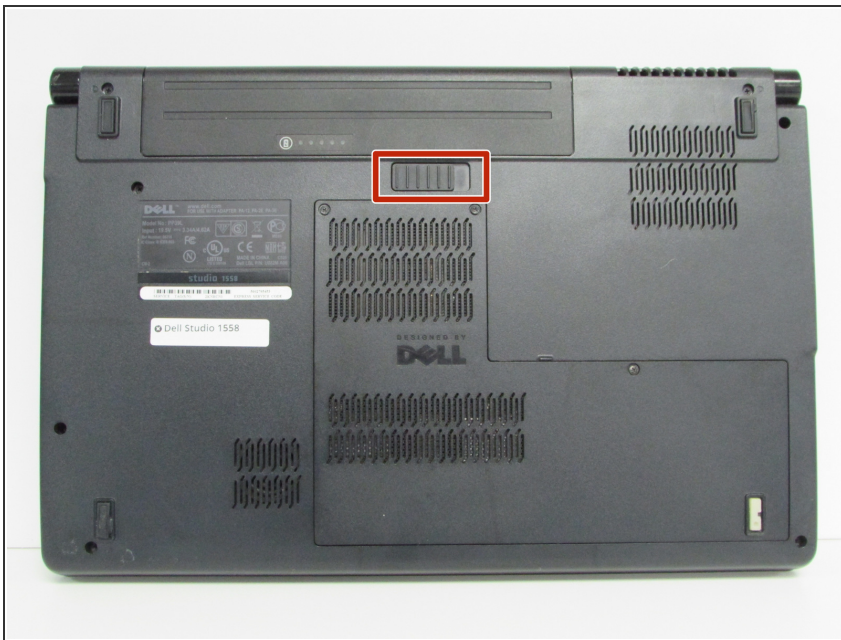

Before you do anything to the Dell Studio 1558, you must first remove the battery. This prevents any unexpected painful shocks as you disassemble the innards.

Step 1 — Battery

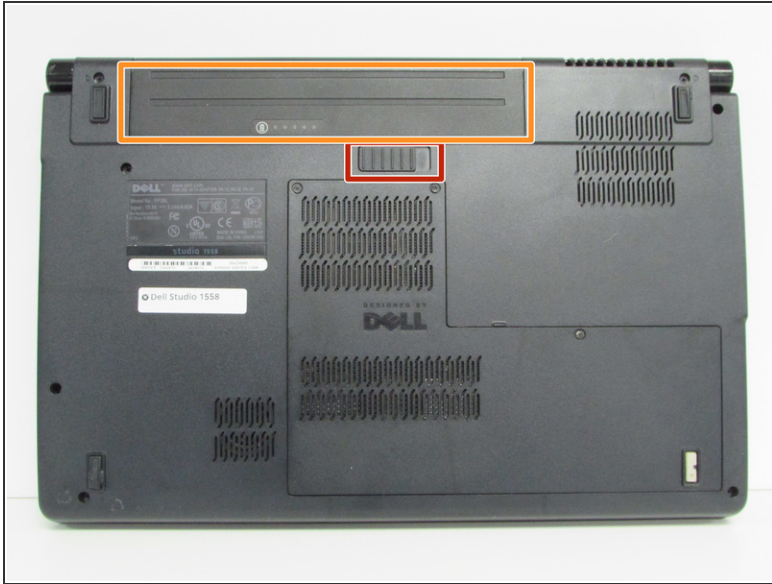

- The first step is to flip the laptop over.

Step 2

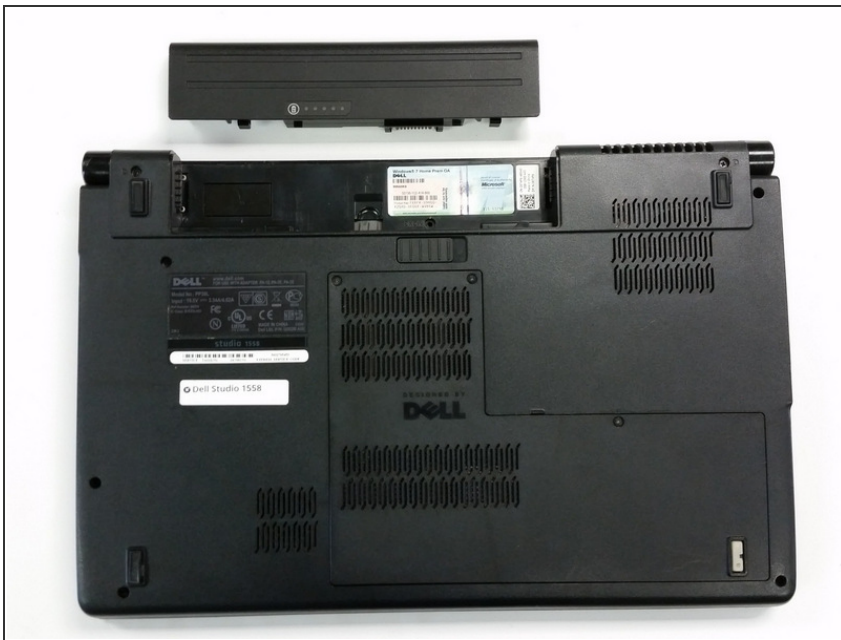

- Slide the slider to the right and hold it there.

Step 3

- Gently Remove the battery while holding down the slider.

Step 4

- Voila! The battery is removed from the device.

To reassemble your device, follow these instructions in reverse order.
